

BUILDING STRONG COMMUNITIES

**Educational
Alliance**

2014 Annual Report

BUILDING STRONG COMMUNITIES

ONE NEW YORKER AT A TIME

Dear Friends,

Educational Alliance is proud to have had another incredible year of providing transformative service in the Lower East Side and East Village. Each day, we work to maximize the potential of our 126-year-old organization so that we can continue to enable over 50,000 New Yorkers every year to live their best lives. Our newly renovated, state of the art flagship building, the Manny Cantor Center, opened this year and has become a hub for arts and culture, health and fitness, education, and community events.

We are working strategically and wisely to manage our resources, while using innovation and creativity to ensure that we are providing the best for our community members. We are continuing to pilot our two-generation work with Head Start families, ensuring that the whole family is given the opportunity to fulfill their education and employment goals.

Educational Alliance invests in families because we understand that strong families build strong communities. This shapes our approach and is why we offer programming for family members of all ages across our 18 locations. We also understand that community centers are the smartest place to provide programs because they bring diverse members of a neighborhood together in a welcoming space, on common ground and offer the opportunities to build social capital.

We know our model works. For the eighth year in a row, 100% of our College Prep youth are going to college. Our Weinberg Center for Balanced Living has more than doubled its membership, now serving over 2,400 older adults. Currently, 53% of our Head Start parents are taking classes with us to learn English and prepare for college.

This is just a sampling of the work we're able to do each year at Educational Alliance. We've had one of our best years. We're deeply grateful to our volunteers, donors, and Trustees for their dedication and generosity in helping us continue to provide multi-generational transformations in our neighborhood. We would like to thank Russell Makowsky in particular for his unwavering commitment, wisdom, and fortitude during his tenure as Chairman of the Board.

We are honored to serve this organization and we could not be more excited for what the next year holds for Educational Alliance. We look forward to continuing our partnership with you as we expand our services to maximize our impact in our community.

Erica Tishman
Chairman of the Board

Alan van Capelle
President & CEO

About Our Work

Educational Alliance, a 126-year-old New York institution, is a vibrant, dynamic organization serving New Yorkers from all walks of life. From our beginnings as a place for Jewish immigrants to learn how to acclimate to the U.S., we serve everyone regardless of the language they speak, where they come from, or their socioeconomic status. To date, we have helped 4 million New Yorkers.

Driven by Jewish values and the belief that learning is a lifelong process, we strive to create programs and services that embrace innovation and build community. We have re-defined how to serve a community, offering a wide variety of engaging and educational opportunities for everyone in each stage of life.

We're a living laboratory, piloting and investigating ways to solve problems, creating a better society, and advocating for the vulnerable. We believe that everyone should have a chance to live a better a life and that arts & culture, education, health & well-being, and social services can help to lay that foundation.

BUILDING STRONG COMMUNITIES

ONE COMMUNITY CENTER AT A TIME

This past year, the Manny Cantor Center opened as Educational Alliance's newest community center. Transforming our historic flagship building on East Broadway, we designed the Manny Cantor Center for a changing neighborhood. The Center, which sits at the crossroads of wealth, poverty, and everything in between, brings people with a diversity of perspectives and skills together to build a stronger neighborhood and a stronger city. Our first year has shown that this vision resonates with our community. Each day, 1,500 people of all ages and backgrounds enter the Manny Cantor Center to participate in our programs.

The 14th Street Y is a leader in the downtown Jewish community. This past year, the 14th Street Y launched Downtown Jews, a growing network of 20 downtown synagogues and Jewish organizations. Representing many denominations and a diversity of ideas, this group is collaborating to build a vibrant Jewish community in downtown Manhattan through inclusive events that highlight Jewish culture.

3000
PARENTS
participated in
College Access and Success
(that's over 50% of our Head Start parents)

BUILDING STRONG COMMUNITIES

ONE FAMILY AT A TIME

Educational Alliance is committed to empowering every community we serve, one family at a time. We recognize the crucial role of education as a means to improve family economic stability and self-sufficiency.

Launched in 2011, Educational Alliance's College Access and Success program is a key component of our two-generation approach to improving educational outcomes and economic security for low-income families. A new, innovative approach to providing Head Start early childhood education, the program is grounded in the belief that when we make it possible for low-income adults to access higher education, we help them to better support and encourage the education of their children. At the same time we also increase their earning potential, which breaks the cycle of poverty and introduces a cycle of success. Three hundred parents, 53% of our Head Start population, have participated in College Access and Success.

We also support our families by offering parenting classes and family-focused community events to educate parents and support the healthy development and academic success of children.

Educational Alliance believes that parents and caregivers are their children's primary teachers and it is critical that they support, augment, and reinforce their child's learning and development.

**EDUCATION, ECONOMIC SUPPORT,
SOCIAL CAPITAL, AND HEALTH AND
WELL-BEING ARE THE CORE ELEMENTS
THAT CREATE AN INTERGENERATIONAL
CYCLE OF OPPORTUNITY.**

- Ascend at the Aspen Institute

BUILDING STRONG COMMUNITIES

ONE LESSON AT A TIME

Educational Alliance provides the fundamentals needed for academic success, one lesson at a time. We know that children who attend Early Childhood programs are more likely to be academically successful later in life because they develop essential academic and socio-emotional skills.

We are pioneers in Early Childhood education. We started one of the first kindergartens in NYC in the late 1800s. In 1965, we were selected to pilot one of the first Head Start programs in the country and in 1995 did the same for Early Head Start. Today we serve 630 children in Head Start and Early Head Start and 160 children in our private Jewish preschools.

Our programs promote young children's learning in the areas of language and cognitive development, early reading and mathematics skills, socio-emotional development and overall approaches to learning. The program fosters a creative and inclusive environment. Our curricula reflect the diversity of our communities and we ensure our programs are culturally and linguistically responsive to each family.

LIFE IS EITHER A DARING ADVENTURE OR NOTHING

- Helen Keller

BUILDING STRONG COMMUNITIES

ONE ADVENTURE AT A TIME

Camp is more than just fun-filled days. Camp is a time that children develop social skills, grow more independent, show more leadership qualities, and become more adventurous.

Six hundred and fifty kids go to our New Country Day Camp, a forested campground, for a magical, adventure-filled summer. This includes children with special needs since we want all children to have the opportunity to participate in swimming, photojournalism, sports, and arts activities. Our inclusive pilot program was so successful that we expanded it by 70% for summer 2015.

BUILDING STRONG COMMUNITIES

ONE CLUBHOUSE AT A TIME

2,000

**Youth walk through our doors
everyday for help to graduate
high school and develop skills
necessary for future success**

Since 2003, Educational Alliance has been a chartered member of the Boys & Girls Clubs of America. Today, we serve more than 2,000 youth ages five to 18 in nine Boys & Girls Clubhouses across the Lower East Side and East Village.

Our programs foster academic, social, and emotional competencies and physical well-being in safe and nurturing environments; provide opportunities for youth to explore their interests and creativity; build skills that support academic achievement; raise participant expectations and confidence; cultivate youth leadership and community engagement; and engage parents/caregivers to support their children's development.

We help empower youth by strengthening their minds and developing learning strategies that will build a foundation for success in school and in life.

BUILDING STRONG COMMUNITIES

ONE COLLEGE ACCEPTANCE LETTER AT A TIME

100% OF OUR STUDENTS IN THE COLLEGE PREP PROGRAM GO TO COLLEGE!

The Joseph B. Rosenblatt College Prep Program creates a college-bound culture for middle and high school students and supports college students through graduation. Our program is designed to help young people succeed in middle school, graduate from high school, and attain needed skills to apply for and complete college.

Our College Prep Program strives to erase the barriers to higher education by providing comprehensive college preparation and instruction, taught by highly trained educators and youth development staff. In the eight years since the program launched, 100% of our program participants have graduated from high school and enrolled in college.

Over 18,000 kosher meals were served to isolated, vulnerable people at Project ORE

BUILDING STRONG COMMUNITIES

ONE MEAL AT A TIME

Providing meals allows our children to grow and learn and our adults to live healthier lives. Educational Alliance provides 175,750 meals to children annually to ensure they are eating nutritiously and are developing healthy eating habits.

For the people in our residential drug treatment programs, we provide 157,680 healthy meals a year and teach them how to make healthy food choices.

Older New Yorkers enjoy coming to Educational Alliance for meals, which are freshly prepared at the Manny Cantor Center's brand new kosher kitchen and at our Sirovich Center for Balanced Living. Not only do all the 90,000 meals served annually meet the health needs of our seniors, but they also offer ideal socialization opportunities for those who are isolated.

OVER 4,000 OLDER ADULTS CALL EDUCATIONAL ALLIANCE "HOME"

BUILDING STRONG COMMUNITIES

ONE "HOME SWEET HOME" AT A TIME

For over 4,000 older adults, Educational Alliance is a home away from home. Educational Alliance's Centers for Balanced Living and NORC (Naturally Occurring Retirement Community) are publicly recognized innovative models designed to deliver holistic health and wellness programs and services to older adults varying in age and physical ability. They place health and wellness at the core of all programming and help older New Yorkers age independently in their own homes. They also provide a welcoming second place that keeps them connected to their peers and communities.

To address the unmet needs of our homebound seniors, Project ORE (Outreach to the Elderly) expanded to include in-home mental health, medical, and psychiatric care. Through the services we offer, homebound seniors access benefits and entitlements, case management, kosher meals, transportation, legal services, direct cash assistance, Emergency Alert Response Systems, senior companion services, and basic health screenings.

7,613 people are living healthier lives by participating in our fitness programs

BUILDING STRONG COMMUNITIES

ONE WORKOUT AT A TIME

At Educational Alliance, we keep our participants moving! Everyone from the children in our preschool to our older adults participate in a range of activities from aerobics to Zumba, from Chinese ribbon dancing to skateboarding. Knowing that having dedicated workout space would help facilitate more people living healthier lives, we opened a new state-of-the-art Fitness Center at the Manny Cantor Center.

In keeping with our work to ensure equal access to health and wellness opportunities for every member of our community, this past year we piloted an innovative sliding-scale membership model in the Fitness Center at the Manny Cantor Center. Over 180 Head Start family members are working out because they can take advantage of our subsidized fitness center membership rate.

This is in addition to the Fitness Center at the 14th Street Y that includes an indoor swimming pool where hundreds of children and adults swim weekly.

**BE TRUE TO
YOURSELF,
HELP OTHERS,
MAKE EACH DAY YOUR
MASTERPIECE...**

- John Wooden

BUILDING STRONG COMMUNITIES

ONE MASTERPIECE AT A TIME

The arts allow people to learn new skills and build self-esteem. Each Educational Alliance site is a hub for the arts and each day thousands of children, teens and adults are creating their own masterpieces. Children in our Head Start programs learn about Picasso and draw their own masterpieces; teens in our afterschool programs write and perform original music and dance productions each year; older adults perform in self-written plays and create mosaics; and amateur artists of all ages take classes in ceramics, painting, collage, sculpture, and drawing with master teachers in our historic Art School.

We are creating original art at the 14th Street Y's LABA program. Artists participate in a year-long fellowship where they create original art, study ancient Jewish texts, and connect with the community. We also expose thousands of people to art each day through our three galleries, displaying art created by participants and professionals alike.

Project HELP reached out to over 22,000 individuals this year

BUILDING STRONG COMMUNITIES

ONE RECOVERY AT A TIME

Educational Alliance provides drug prevention, intervention, and treatment services through holistic, innovative, and community-based programs. Our residential drug treatment programs, Pride Site I and Pride Site II, use a therapeutic approach to foster change in the individual. Services include individual and group psychotherapy, case management, drug counseling, parenting education, anger management, recreational activities, sexual abuse counseling, and job training.

Project Contact offers comprehensive outpatient drug prevention, intervention, and treatment programs, including DUI/DWI treatment. Project Contact uses a multi-disciplinary, culturally-sensitive approach to create and tailor substance abuse treatment to meet the individual's needs.

Project HELP (Health, Education, Leadership, and Prevention) is a community-based, education-focused substance abuse prevention program that distributed 22,500 multi-lingual educational brochures in 2014. We provide innovative, evidence-based interventions in English, Spanish and Mandarin (Chinese) that target youth, parents, caregivers, older adults, teachers, and other professionals. Programming is offered within Educational Alliance and our outreach extends to local early childhood education programs, public schools, and other community-based organizations.

**NO ACT OF KINDNESS, NO
MATTER HOW SMALL,
IS EVER WASTED.**

BUILDING STRONG COMMUNITIES

ONE HOUR AT A TIME

Volunteering is one of the most fundamental ways to give back to a community. Educational Alliance serves 50,000 New Yorkers every year with the help of hundreds of volunteers who provided 11,319 hours of service in 2014.

Some volunteers participated in one-time volunteer opportunities, while others volunteered every day. Volunteers include community members, corporate groups, schools, synagogues and churches, teens, and families. Our volunteers provide much needed programmatic support, including helping community members learn English, serving meals to our seniors, and tutoring our youth in math. These individuals share their time and talents with our community in order to support our programs and help Educational Alliance better serve our community. Each hour that our volunteers spend with our program participants enriches their lives.

BUILDING STRONG COMMUNITIES

ONE INNOVATION AT A TIME

Educational Alliance has long been a hub of innovative initiatives, an incubator of breakthrough ideas, and a leader in the field of education, providing high-quality programs to New York City's vulnerable.

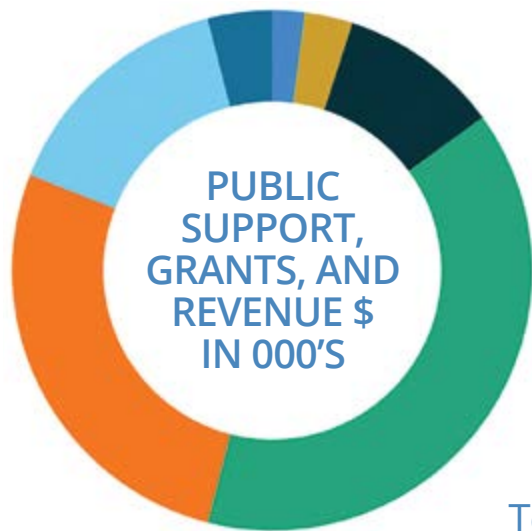

This past year, we continued our legacy of innovation with programs that enhance quality of life and broaden the horizons for individuals and families in our community.

Educational Alliance's College Access and Success program is part of a two-generation approach to education and economic security that reimagines the Head Start model for the 21st century.

- The Annie E. Casey Foundation selected College Access and Success, one of just four national two-generation sites, to participate in a national evaluation project assessing the immediate and ongoing impact of two-generational programs. Through this initiative, we serve as a model for two-generation programs across the country.
- The National Head Start Association featured College Access and Success as one of only six case studies nationwide examining two-generation work.

Educational Alliance's Centers for Balanced Living deliver holistic, innovative, and evidence-based health and wellness programs and services to older adults varying in age and physical ability, ranging from baby boomers to the elderly.

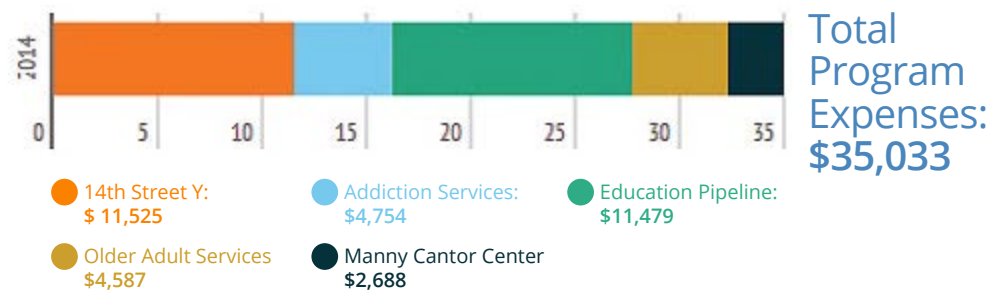

- The Sirovich Center for Balanced Living was recognized by the New York City Department for the Aging as an Innovative Senior Center and now serves as a model for senior centers across the city.

***Deceased

Educational Alliance mourns the passing of Jay M. Furman and Elinor Ratner who contributed greatly to our organization and its people.
